### About CONET

[www.conet.de](http://www.conet.de)

CONET AG has been developing and implementing IT solutions since 1987. The range of services includes Consulting, Software Development as well as Information and Communications Technology. CONET is a long established SAP implementation and mySAP.com partner of the Walldorf-based E-Business experts. Its SAP Competence Center division developed SAP-based solutions for customers like the German Armed Forces (Bundeswehr), Henkel, Bayer, and Stauffenberg. These include the implementation of an SAP Business Information Warehouse for the controlling of the German Armed Forces and the cooperation in the area-wide introduction of SAP R/3 into the German Armed Forces as well as the integration of SAP with Lotus Domino at Henkel.

Currently more than 200 employees are based at the company's headquarters in Hennef and the branch offices in Augsburg and Berlin, working as consultants, developers, or system integrators for numerous public bodies like federal ministries and governmental agencies as well as many market-leading private enterprises such as Bayer, Henkel, and Deutsche Bahn (German Railway). In the business year 2002/2003 (April through March), CONET achieved a turnover of 30.3 million Euros. The Neubrandenburg based CONET Informationssysteme GmbH is a company owned subsidiary. CONET is a member of Germany's leading IT business association BITKOM and has been certified according to ISO 9001 continuously since 1997.

The partnership with Securinfo enables CONET to offer customers a SAP security solution with integrated User, Role, Change, Risk and Task Management components.
